

## BANKS RESPONSIVE TO TREASURY CALL

Hundreds of Telegrams Express Willingness to Assist in Circulation.

Responses of national banks to the Treasury Department's recent appeal for more circulating medium, continued to reach the Comptroller of the Currency today by mail, wire, and by long-distance telephone.

Up to noon, several hundred telegrams of inquiry had been received. The Comptroller found a hundred on his desk when he reached his office this morning. Seventy-five were delivered at his residence last night.

"It is a gallant charge," smilingly remarked the Comptroller today, after he had been interrupted half a dozen times in less than thirty minutes to reply to calls from distant points.

It is estimated that at the present rate of responses, not less than \$40,000,000 additional will be put in circulation within a week in the localities where the demand is now most pressing.

Treasury officials, however, point out that there must be no relaxation. Many times that amount is desired. The present flurry may be met by two score millions, but it is deemed advisable greatly to increase the sum, so as to obviate the necessity of shifting Government money already in public depositories to the aggregate of over \$200,000,000.

Although the recent flurry in New York city is considered "a closed incident," it is a fact that the customary exchange of credits and currency between the metropolis and leading cities has not yet been restored. The result has been a curtailment of trade throughout the country. Every effort is being directed by Treasury officials and leading financiers to cure this attack of partial paralysis.

## ALLEGED SWINDLER SELLS NEW STOCK

Dr. R. C. Flower Accused of Selling \$900,000 Corporation For Own Benefit.

PHILADELPHIA, Nov. 1.—Dr. R. C. Flower, who jumped his bail of \$25,000 in the summer of 1904, when he was charged with swindling investors in a mythical mining corporation, has started this city by his boldness in managing a sale of stock in a \$900,000 corporation.

Investors in this concern have just started an inquiry, in which it developed that not even the man whom he made president of the corporation knew that Dr. Flower, alias Prof. O. O. Oxford, had been fighting extradition to New York since last January, when the New York police arrested him here. Only his son, who is the secretary and treasurer of the concern, styled the Virginia Clay and Material Company, knew that Dr. Flower was the man wanted in New York.

When young Flower was called on for an explanation of where the money paid for stock was, he refused to explain, and then it developed that great quantities of stock had been sold without keeping any record of the money received or the amount of stock sold.

## STOP RATE FIGHT, SAY BUSINESS MEN

North Carolina Citizens Want Settlement Hurried. Say Values Are Dropping.

RALEIGH, N. C., Nov. 1.—A special from Wilmington, N. C., says that half a hundred of the leading citizens and business men of that section have joined in a telegram to Governor Gorman at Atlanta, with request that he read it at the conference there today.

It states that the continued agitation over the railway rate controversy is depressing values in North Carolina, and demands restoration of confidence through an equitable adjustment of the contention without delay.

WANT NAVY TO SAVE MEN FROM CANNIBALS

To succor the crew of the full-rigged ship Arthur Scowell, which is thought to have fallen among cannibals on the islands of Patagonia, the Navy Department will be asked to send the cruisers Washington and Tennessee. While there is thought to be a fair chance that the sailors may be able to hold their own with the cannibals, it is feared that unless steps are taken to rescue them they will in a short time fall victims to the islanders.

The masters of the merchant ships now stationed in Hampton Roads have framed a petition to Secretary Metcalf asking that ships be sent to the islands, and although the petition has not yet arrived, it is thought that the Secretary will take some steps to relieve the shipwrecked sailors.

## PAY BILL OF ARMY NOT TO BE CHANGED

The War Department has announced that it will not consider any amendments or changes in the approved pay bill. It was stated that as far as the War Department is concerned, final action in the matter was taken when, in August last, the Acting Secretary of War signed the joint report of the conference called by the President.

No pay bill was presented by the War Department last year, and none will be presented this year. The whole matter is now in the hands of Messrs. Capron and Dick, the originators of the bill. The only thing the War Department is now concerned with is the preparation of the information called for by the committees.

The Acting Secretary of War and the Acting Chief of Staff in commenting on the matter, said:

"We believe that the pay of officers of the army should be readjusted, and that there is a general sentiment in the War Department in favor of it. In fact, we know of no one who is opposed to it. But to make this a question in the increase pay bill is a very different proposition. This bill is not an army bill, but a joint bill, affecting other services just as much as it does the army."

NEW YORK, Nov. 1.—The jury in the suit brought by John S. Jones against Joseph Ramsey, Jr., to recover \$400,000 for commission alleged to be due growing out of the purchase of coal lands in southern Ohio by Jones for a syndicate, today brought in a verdict for \$389,000, including interests, costs, etc., against Ramsey. ## MRS. COLTON RESIDENCE TO BE DECIDED DEC. 9

Justice Barnard announced today that the question of the domicile of Mrs. Ellen M. Colton will be determined by the jury December 9. Mrs. Colton left an estate valued at nearly \$1,000,000, and an effort is being made to transfer the probating of the will to California, where Mrs. Colton had some property. Attorneys for Helen Margaret Beatrice Sacher, granddaughter of Mrs. Colton, are contesting the transfer on the ground that the bulk of Mrs. Colton's property is in Washington.

## Heard in the Street Car:

MRS. F.—"Mrs. G., you must come around to the house and see my dining-room. I have refurnished it for Thanksgiving. It looks perfectly lovely! I have gotten a buffet, square table with three extra leaves, six chairs, and the prettiest rug you ever saw. And the best part of it is, I got them all on credit."

MRS. G.—"Yes, I'll be over, but do you know, I never fancied buying things on credit! I always imagine that you don't get treated the same or get the same quality of goods as you would at a cash house."

MRS. F.—"You are wrong, my dear—that is, if you deal at the right place. My things were bought at House & Herrmann's. There you will always receive courteous attention, and the goods you buy will always be of the quality represented. Credit is a great convenience when you deal with a reliable house."
